

New Group Buys Big Chief Mine

PRESCOTT (Ariz.) Jan. 28. (Exclusive)—After successfully operating the Big Chief mine, in the Hassayampa district, for several years, George Kohlburner has sold the property to a Prescott syndicate organized as the Bemalk Mining Co.

Kohlburner operated on a small scale and made frequent shipments of high-grade ore. It is understood that the plan of the new owners is to install a mill to treat the material of lower grade.

A. L. Kemp, B. E. Miller, D. Cash and Dr. E. Sulzberger are principals in the Bemalk Company.
